

AI SEO Strategist Report

Executive Summary

This audit evaluates the website's SEO foundation, AI-search readiness, content structure, and strategic search visibility. While the website demonstrates baseline optimization maturity, improvements in semantic structure, AI-search formatting, and search ownership strategy are required to compete effectively in modern AI-driven search ecosystems.

SEO Metrics

SEO Score: 80/100

GEO

Strategic Insights

- The website demonstrates strong foundational SEO health with solid metadata, internal linking, and content depth.

- This
